Dear Mr. Dulles:

Since you have a primary responsibility for and interest in financial control of government operations, we believe you may find the attached publication, "Cost Control in the Federal Government," of interest. We would greatly appreciate your routing the copies of this booklet to the appropriate management officials in your organization.

We recognize that professional accountants have a responsibility for assisting in the overall program to improve Federal financial management. If there are areas in which you believe the District of Columbia Institute of Certified Public Accountants could be of service, please do not hesitate to contact us.

Sincerely yours,

Frank C. Frantz,
President
